Recover your quality of life
without drugs, side effects or surgery.
Physical therapy is the clear choice!

Choose Physical Therapy to relieve

ARTHRITIS PAIN

Physical therapists (PTs) are experts in the art and science of the evaluation and treatment of human movement dysfunctions. We care for people of all ages and treat a variety of muscle, joint and neurological conditions.

Conditions we have successfully treated:

- Joint pain
- Osteoarthritis
- Rheumatoid arthritis
- Knee arthritis
- Hip arthritis
- Shoulder arthritis
- Hand arthritis

What are my treatment options?

- Drugs
- Epidural Injections
- Surgery
- **Physical Therapy***

Advantages of Physical Therapy:

- No side effects
- Cost-effective
- Supported by clinical research*
- Customized to treat the underlying cause

If you're ready for relief,
and tired of "masking" your pain,
treat the cause, not just the symptoms!

Recover your quality of life

www.bandgpt.com

Your Recovery Process:

- Recovery of joint motion
- Recovery of strength
- Pain relief
- Improved function
- Independent care

Components of Your Care:

- A thorough biomechanical evaluation
- Extensive patient education
- A customized treatment plan
- Effective joint mobilization techniques to decrease joint stiffness
- Pain-relieving modalities such as ice, heat, ultrasound or electrical stimulation
- Targeted stretching for tight muscles
- Progressive strength training
- Balance and functional re-education

Everyone is different. You may require one or two visits, or an extended care plan over several weeks or months.

Make an appointment today.

Start feeling better tomorrow.

- Call to schedule a consultation.
- Visit our Web site for answers to frequently-asked questions.
- Ask your physician to complete our referral form.
